

RICHA

2025 COLLECTION

RIDE UNLIMITED

**RIDE FREELY, FACE THE ELEMENTS,
ENJOY THE THRILL.**

**WHATEVER WAY YOU CHOOSE TO RIDE,
YOU CAN BE SURE OF ONE THING:**

**WE ARE HERE TO MAKE THAT RIDE COMFORTABLE,
EXCITING AND SAFE.**

**WE UPHOLD A HERITAGE OF THE HIGHEST
STANDARDS OF QUALITY, TESTED EXTENSIVELY
BY GENERATIONS OF RIDERS BEFORE YOU.**

**RIDE HOWEVER YOU WANT, TRUST YOUR INSTINCT.
ALL THE WAY.**

**SMOOTH TRIPS OR ADRENALINE KICKS?
SPEED OR STYLE? URBAN OR MOUNTAIN?**

**WE STAY AHEAD OF THE CURVE, OR CORNER IF
YOU PREFER: TODAY, WE CREATE THE CLOTHING OF
TOMORROW. WE HAVE EVERYTHING IN STORE TO
MAKE YOUR RIDES BOLD AND MEMORABLE.**

**AND REMEMBER: NO TWO RIDERS ARE ALIKE,
NO TWO JOURNEYS ARE THE SAME. PICK YOUR GEAR,
BE PREPARED FOR WHAT'S BEHIND THAT NEXT
CORNER.**

WRITE YOUR OWN STORY.

LEATHER MEN

Leather is the original skin.

Richa has been producing high quality handmade leather gloves since 1952. As passionate motorcyclists we started producing leather riding clothing in the 70's. The result is 7 decades of unmatched quality that extends throughout our extensive range.

THE JEANS MATRIX

To make things easier, we've created a matrix to help you understand how our collection is structured. You'll see exactly how each pair of motorcycle jeans is certified and how it ranks in terms of protection. We'll walk you through what's new, while highlighting what was already great and is still incorporated. Whether you're looking for maximum safety or optimal freedom of movement, our jeans provide the right protection for every ride.

SKINNY FIT

Sleek and snug, this fit contours closely to your body from hip to ankle for a sharp and modern look.

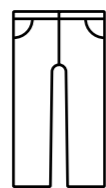

SLIM FIT

A tailored silhouette that's slightly relaxed at the thighs but narrows down towards the hem, offering a polished yet comfortable style.

REGULAR FIT

A classic cut with straight lines from hip to hem, providing timeless comfort and versatility for any occasion.

TAPERED FIT

Relaxed at the top with a gradual taper down to the ankle, combining casual comfort with a sharp, defined finish.

FOOTGEAR MEN & WOMEN

When you ride, you fly.

Without touching the ground. In perfect balance; physically and mentally. For those moments where you do have to come back to Earth, we created our footwear line. We offer you the best of both worlds: protection and fashion, light but strong, stability and flexibility. All you need for inspiring rides.

AQUASHELL WATERPROOF PROTECTION

The latest innovation in waterproof and breathable motorcycle clothing from Richa

HOW AQUASHELL WORKS

Richa Aquashell sees the incredible strength of our core fabric paired with a waterproofing lamination process, which ensures no compromises are made on comfort, flexibility, protection or breathability. Riders all over the world turn to Richa Aquashell as their chosen protection, shielding them from the most extreme conditions.

PROTECTION FOR ALL WEATHER CONDITIONS

A waterproof, windproof and breathable solution, our unique Aquashell technology provides essential ventilation whilst maintaining a comfortable body temperature.

For riders who want outstanding protection against all elements.

WATER COLUMN:
8,000 to 10,000 mm.

DETACHABLE PROTECTION FOR ALL WEATHER CONDITIONS

Richa Aquashell is zipped into your protective riding apparel and easily removed, to maximum ventilation in warmer conditions.

For touring bikers that require adaptable protection to suit all conditions.

WATER COLUMN:
10,000 to 15,000 mm.

FAST-DRY PROTECTION FOR EXTREME WEATHER CONDITIONS

Aquashell 2L PRO is made of two layers. Our protective outer layer, protects against the wind and cold as well as impact, this is then laminated with our waterproof and water repellent technology to offer the ultimate protective pairing. The mesh lining behind the outer shell enables additional breathability.

For habitual riders taking to the road in wet conditions requiring flexible protection, whatever the weather.

WATER COLUMN:
15,000 to 20,000 mm.

STRONG, LIGHTWEIGHT, FAST-DRYING PROTECTION FOR EXTREME WEATHER CONDITIONS

Aquashell 3L PRO is made of three layers. Our robust, wear resistant outer fabric, our waterproof and water repellent membrane and our soft cotton liner offering comfort whilst wicking away any moisture. These three layers are bonded together to form one powerfully technical fabric providing premier protection against the elements, whilst maintaining that essential level of comfort.

For riders regularly taking to the road in extreme conditions that require the best protection paired with optimum comfort, and ventilation.

WATER COLUMN:
> 25,000 mm.

DETACHABLE PROTECTION FOR ALL WEATHER CONDITIONS

Our waterproof, windproof and breathable inner layer boasts an integrated thermal lining which is zipped into your protective riding apparel. Easily removable in warm weather to offer maximum ventilation.

For touring bikers who want flexible protection in all conditions.

WATER COLUMN:
10,000 to 15,000 mm.

TECHNOLOGIES EXPLAINED

	Gore-Tex is a 100% waterproof, windproof and highly breathable membrane, offering unsurpassed durable wearer comfort.		Scotchlite™ Reflective Material greatly enhances your safety at night and in low visibility situations, by reflecting an extremely bright image back to the light source.
	Waterproof protection for all weather conditions.		Dupont™ Cordura® is a high-tech fabric made of polyamid fibre. It has an airy structure. It meets the highest standards in terms of strength and durability, while remaining light and stylish.
	Waterproof, detachable protection for all weather conditions.		SuperFabric™ is five times more abrasion-resistant than leather, with just half the weight. Multiple protective shields are applied close to each other within the fabric, but they remain separate to allow maximum flexibility. The micro guard plates provide an additional layer of protection, without adding weight, and help prevent abrasion to underlying fabrics.
	Waterproof, fast-dry protection for extreme weather conditions.		From Moto GP to on- and off-road motorcycling, D3O® delivers a wide range of Level 1 and Level 2 CE EN1621 certified protectors. It is the number one choice for impact protection that also provides comfort, flexibility and fit.
	Waterproof, strong, lightweight, fast-dry protection for extreme weather conditions.		YKK is trusted worldwide for impeccable production standards and thorough quality control processes.
	Detachable protection for all weather conditions		Primaloft® is made with microfibers which store body heat in a remarkably light material that is soft and durable.
	3 in 1 jackets and trousers have an inside detachable waterproof membrane and a detachable thermal liner.		
	2 in 1 jackets and trousers have an inside detachable waterproof membrane or a detachable thermal liner.		
	RICHA® Airvent System (AVS): Fixed ventilation at key areas		
	RICHA® Airtech Control System (ACS): Controllable ventilation at key areas		
	Richa® Contra Glide Technology prevents sliding over the seat (anti-slip).		
	100 % vegan-friendly. No animal substances were used in the manufacturing process.		
	Easily wipe your visor dry with your left hand glove, thanks to a special fabric integrated in the glove.		
	Use your smartphone or navigation system without taking your gloves off, thanks to conductive material on the index finger and thumb of your right hand glove.
